

ACEC

AMERICAN COUNCIL OF ENGINEERING COMPANIES

Professional Ethics: A Preventive Maintenance Approach

Part of the ACEC Regional Conference

Friday, November 13

1-5 p.m.

4.0 Professional Development Hours

Cost of Conference includes Ethics Seminar registration : \$295/member
or register for the seminar only: \$179/member before Oct 29, \$209 after Oct 29

What will you learn?

This often-humorous and highly interactive program will show you ethics risks you never even knew you had as well as what can be done right now to make sure those risks don't turn into potentially extremely costly ethical and legal problems. What will you learn? How to re-think your definition of ethics so that you can work through ethical challenges more easily, how to help yourself, colleagues, and coworkers keep ethical principles constantly in mind throughout the course of day-to-day decision making, do's and don'ts of confronting others on ethics issues, do's and don'ts of consulting on ethics concerns, and much, much more.

Dr. Christopher Bauer, PhD, HSP, CFS

Ethics and fun aren't words you normally hear in the same sentence. However, Dr. Christopher Bauer has been making professional ethics both straightforward and fun for international audiences for more than 25 years. He will present ethics differently than you have probably ever experienced them before. The tone will be conversational and the ideas immediately applicable. You will leave with easy, practical ideas and tools to reduce your risk for ethical and legal difficulties while simultaneously reducing the risk of your colleagues, coworkers and entire organizations.
